VILLA HOPES TO PROFIT BY STRIFE IN CARRANZA RANKS

NEW POST FOR STEWART

EL PASO, Jan. 8.—General Francisco Villa, resting his men and horses in the Guerrero district of Chihuahua, is awaiting disaffection in the Carranza ranks and expects actively to continue opposition to the de facto government, according to a letter said to have been received today by a Villa adherent.

General Rosillo Hernandez, who disappeared with a small following yesterday from the Carranza army, has joined Benjamin Argumado, a Zapata chief, captured Pachuca and attacked Torreon, according to information given state department representatives here. The report lacks confirmation. Fragmentary advices through broken communication, told of the occupation by Villa forces of small towns between Madera and Casas Grandes. Numerous cattle are daily disappearing from the Huerfano ranch through Villa raids, according to its manager.

General Jacinto Trevino, commander of the Northwestern corps of the Carranza army, left for the south today to attend a conference of chiefs at Queretaro, soon to be held, to discuss government organization.

Among former Villa prisoners, Francisco Obregon, brother of the Carranza commander-in-chief, and Luis Terrazas II, today reached Chihuahua after their release.

"Mexico for Mexicans" is the epitomized explanation of the Mexican consulate of the late decree arbitrarily fixing the value of Carranza metal and paper currency.

Yaguais Are Looting

[Republican A. P. Leased Wire]

DOUGLAS, Arizona, Jan. 8.—Nineteen Yaqui Indians looted the village of San Jose today in the Sonora district, state of Sonora, according to advices reaching here tonight through Agua Prieta, the Mexican town opposite here. The looting occurred Monday.

Advices stated that the Indians held eighteen residents of the village as hostages while they pillaged the homes and stores. After taking food and other articles, the Yaqui Indians released their prisoners and retired to the mountains, it was reported. The Indians were said to be a forage party of a band of several hundred Yaqui with headquarters in the Aconchi mountains, about 29 miles north of the village.

Will Push Indian Campaign

[Republican A. P. Leased Wire]

WASHINGTON, Jan. 8.—Admiral Winslow, commanding United States naval forces off the Mexican West coast, reported today that General Dieguez had collected 11,000 troops for a campaign against Indians in the Yaqui Valley. The force will be made still larger, he telegraphed.

The Mexican embassy here was informed today that Antonio Soto y Gama, head of the convention government in Morelos state, was fleeing toward the United States.

Apprehension On Border

[Republican A. P. Leased Wire]

BROWNSVILLE, Tex., Jan. 8.—Soldiers at Fort Brown here were held in readiness for action tonight because of reports of activity among armed Mexicans along the southern bank of the Rio Grande. Automobiles were mobilized to hurry soldiers to a nearby point and Colonel A. P. Blockson, commanding at Fort Brown, ordered all outposts along the border strengthened.

Officers commanding border patrols between Brownsville and El Paso reported strange Mexican activity, all armed, were seen along the Mexican side, and that they had been informed that two leaders in the recent bandit depredations in this vicinity, Luis De La Rosa, and it is said Aniceto Pizano had assembled 400 men across the river with the avowed intention of making a raid into Texas to avenge the killing of Mexican bandits by soldiers and Texas officers.

Another band of 150 Mexicans was reported at a Mexican ranch opposite Santa Maria, near here.

After an investigation, the military police tonight reported there were about 400 strange Mexicans in Brownsville.

While there was no excitement here every precaution was taken to meet any attempted outbreak.

In Matamoros, General Alfredo Ricout, Carranza commander, was reported as having said the presence of Mexican bandits in this vicinity had been reported to him but in much smaller numbers than reported to American authorities.

It was learned tonight that military authorities had received information from reliable sources that another bandit outbreak has been planned for some time between January 6 and 20.

SEC. GARRISON FOR DRAFTING

[Republican A. P. Leased Wire]

WASHINGTON, Jan. 8.—Secretary Garrison told the house military committee at a hearing today that compulsory service was the only really adequate basis upon which to conduct a military policy compatible with the idea of democratic government.

The secretary made the assertion merely as an expression of personal sentiment, but he did not elaborate on it. His statement was regarded as significant, however, in view of the known belief of many army officers and war department officials that the entire army program of the administration preparedness program naturally tends towards an ultimate universal service.

The secretary completed his testimony before the committee on the army increase proposals today. Officers of the general staff and heads of bureaus of the war department will be heard next week.

Quiet Follows

(Continued from Page One)

armed citizens planned to patrol the district all night.

Those arrested in East Youngstown as a result of the riot have been transferred to the county jail and will be held pending the outcome of their trials.

Fire continued to smolder in the ruins along Wilson avenue tonight, casting a lurid glow down the ruined street which had been roped off to prevent the curious from approaching too near tottering walls. A lighting system which had just been completed Thursday night at a cost of \$10,000, was wrecked by the mob and tonight the street, which is the principal thoroughfare of East Youngstown was in darkness.

Despite rumors that at least four persons had been killed last night, search by the police today showed that only one man, George Get, aged 23, who was shot as he was smashing a glass in a building, was killed. The death toll was brought up to two tonight when Robert Davis, a railroad brakeman, died from wounds. Davis was struck by a stray bullet. Twenty-two persons are in hospitals suffering from injuries, one of whom is in a critical condition. According to the police at least 100 other persons suffered minor injuries chiefly, gun shot wounds, but were able to be taken to their homes.

Judge Barnum of this city tonight communicated with United States District Attorney E. Leary Humes, of Pittsburgh with a view to instituting deportation proceedings against the foreigners who participated in last night's rioting. East Youngstown has a population of 15,000 persons but of this number only 400 are voters. Five hundred militiamen under Major Arthur S. Hoots of Cleveland with a machine gun tonight patrolled Wilson avenue and the adjacent hills. There was no semblance, however, of any trouble, but the militiamen refused to allow crowds to assemble.

Mass meetings were held by the strikers in the light of big bonfires in East Youngstown tonight and although no official statement was issued, it was said they voted against mediating their difficulties, insisting that their demands be granted.

The police announced tonight that 160 arrests have been made since last night. A majority of those taken into custody were charged with carrying concealed weapons.

NOTICE

European war demands have caused a shortage in the world's supply of materials used in the manufacture of White Tread Tires.

The color of Goodyear Tires may ultimately be changed from White to Black.

Our supply of the required materials assures the greater portion of our 1916 season's output of tires being furnished with White Treads.

mounted the chain lifted his helmet and said:

"I hold that your project will meet with success."

More cheering rang through the little country station. Later the Holland customs officer, who crossed the border to meet the expedition, announced that the Dutch government waived examination and welcomed the members of the party to Holland. Long before daylight, the train crossed the border and was speeding toward The Hague.

Within a week the officials of the peace mission expect to select the members of the peace board that is to remain at The Hague. The other members of the expedition will start not appear.

Cabinet ministers, the burgomaster and various other officials were invited to attend the meeting but did not appear.

on their return to the United States January 15.

Hold First Meeting

LONDON, Jan. 9.—Forty members of the Ford peace expedition held their first meeting at The Hague last night, according to a dispatch from The Hague to Reuters Telegram Company. Representatives of the United States, Holland, Norway, Sweden and Denmark made speeches in which the central idea was that they hoped to find in Holland a new impetus for the peace movement.

Cabinet ministers, the burgomaster and various other officials were invited to attend the meeting but did not appear.

COMMISSION RESENTS MISREPRESENTATION

Phase of Campaign Being Conducted Against Street Paving

Members of the city commission are considerably irritated over the fact that exaggerated estimates of the cost of paving are being circulated among the residents of the streets it is proposed to pave. Those stories are causing many property owners to add their names to protests against the improvements which would otherwise favor the paving. The commission is preparing a statement to the people which will give them a comprehensive idea of costs and show at what low figures their paving can be secured and how very small their burden will be as compared with the benefits to be attained.

One member of the commission met one of the protest circulators yesterday and asked him what he was telling the residents regarding the cost of their paving. The man stated that he was telling them a fifty foot lot would cost from \$250 to \$600. He was then asked by the commissioner if he was aware the statements he was making were very much exaggerated and that several kinds of paving could be laid on that particular street at an approximate cost of \$25.

He appeared much surprised at the figures given and stated that he had been misled as to the cost and indicated an intention to cease circulating the protest and join in the proposed improvement.

The members of the commission feel that after the strenuous efforts they have made to secure wide competition

RUSSIANS CLAIM

(Continued from Page One)

the personal representative of President Wilson, has created little interest here. Colonel House is meeting prominent official civilians, but disclaims any purpose of attempting to pave the way for peace negotiations. The British official statement from headquarters in France sent out tonight reads:

"We exploded a mine near La Bassée today this morning. A German aeroplane dropped two bombs behind our lines north of the Somme today, but failed to do any damage."

Unimportant artillery engagements occurred at various points on the front, during which our guns secured the range of a party of German infantry and several direct hits were obtained on an enemy battery southeast of Arras. The region north of the Somme saw a German rocket store destroyed.

In a dispatch to Reuters a Telegram company from Athens, it is announced that the German, Austrian and Turkish consuls at Mytilene have been arrested by the allied military authorities. The arrests were made on the same grounds as the recent arrests at Saloniki of the consuls of the Central powers. The Greek government is expected to protest.

In addition to the arrest of the consular agents of the central powers, a number of other persons under suspicion were detained. All were taken on board an allied vessel. Two of the arrested members of the German consulate are Greek subjects.

In paving that the people should be fully advised as to the relatively small costs at which their paving can be secured. With one or two exceptions every property holder who has called at the city hall to investigate the cost has gone away satisfied that he could afford to pave.

CALIFORNIA'S MUDDLED ELECTION LAWS ARE STRAIGHTENED OUT

[Republican A. P. Leased Wire]

SACRAMENTO, Jan. 8.—California's muddled election laws were virtually straightened out as a result of action taken by the assembly tonight, concurrent with the senate being assured. By a vote of 46 to 29 the assembly, in accordance with suggestions made by Governor Johnson in his call for a special session of the legislature, amended the direct primary law, of 1912. The amended law provides that electors shall make known their party affiliations at the time of primary elections, and it conforms to the present non-partisan registration law passed by the 1915 legislature.

The presidential primary law was amended by a vote of 46 to 25. Concurrent action on the amendments is expected to be taken by the senate tomorrow, adjournment having been taken until 11 o'clock in the morning.

BRITONS MEET AND DENOUNCE DRAFTING BILL

[Republican A. P. Leased Wire]

LONDON, Jan. 8.—The first public meeting to protest against the conscription bill was held at Cardiff today. A resolution was adopted by an overwhelming majority demanding the withdrawal of the bill. James Henry Thomas, a labor member of the house of commons, was the principal speaker. He said that as much as he hated conscription, he would support the bill if parliament passed an amendment that he would propose whereby wealth would be conscripted as well as labor, thus insuring real equality of service.

Comment in the morning newspapers reflects a calmer tone regarding the political crisis caused by the conscription question, a majority of the papers considering the difficulties of the situation overcome or at least to have become well enough defined so that they may be successfully grappled with without disturbing the political equilibrium.

The only new development in any way bearing on the country's attitude toward conscription is a resolution adopted by the general committee of the Liberal Unionists in Sir John A. Simon's constituency demanding his resignation from parliament. His recent parliamentary utterances, the resolution states, convinced the committee that he no longer enjoys the confidence of his constituents.

This action is held by conscriptionists and those lately converted to the modified form of conscription embodied in the bill as being one of the many signs of the country's growing support of compulsion.

The quakers are dissatisfied with the provisions of the military service bill because "of conscience objections." At a meeting in London representing the entire section resolutions were adopted which were sent to Premier Asquith, setting forth that a large number of quakers were not prepared "to accept compulsory service, whether conscription or otherwise, under military authority," and to compel them to do so would be "a violation of the freedom of conscience."

SAYS PERU BOAT LOST

[Republican A. P. Leased Wire]

SEATTLE, Jan. 8.—Local agents of W. R. Grace and company, today abandoned all hope of the Peruvian bark Uchiret on the west coast of Vancouver island the night of December 28. The Callao, under charter of W. R. Grace and company, was bound from South America to Seattle to load lumber.

She was first sighted, stripped of her sails, 12 miles southeast of Cape Beale, B. C. Christmas eve. The next night she was sighted 9 miles west of Cape Flattery, and was last seen on December 28. The coast guard cutter Spahmish, which was sent to her aid Christmas eve crashed about for several days but was unable to find her. The agents believe that she foundered.
